Time Spent:	0.75h		

Field Tab

Epic Link:	personal cabinet Student
Sprint:	PROF2022 Sprint 3 (3.01-16.01), Sprint 4, Остатки от 4-го Sprinta

Environment

OS: Windows 10 Pro ver. 21H2
Browser: Google Chrome ver. 108.0.5359.124

Description

PRECONDITION: User entered personal cabinet

TEST STEPS:

1. Select tab "Personal details" in navigation menu
2. Click button "Edit"
3. Fill one or more fields with valid values
4. Click button "Cancel"
5. Click back arrow

ACTUAL RESULT:
User is redirected to page "My CV", user can do nothing in APP, except refreshing page. After refresh user can proceed with actions in personal cabinet or is redirected to authorization form.
⚠️**Note** Actual for all required browsers, except (android browser and Samsung browser)

EXPECTED RESULT:
User is returned to edit of personal details (TBD)

Comments

Завизион Екатерина Юрьевна added a comment - 14/Jan/23 12:31 AM

This issue was validated, fixed
But back button redirects the user to My CV, not on Personal Details. Maybe we should discuss it?
